Kenza is a modern twist on a tried and true design. The Kenza line brings the "steel desk" into the 21st century. The Kenza line was originally designed with the parameter of no waste, Kenza's fabrication process creates an absolute minimum of over cutting or "scrap board" which brings better value to you. Perfectly blending thermal fused laminate and Steel for strength, style and value, the Kenza line is a great option for training, bull pins and private offices.
